

# We are shaping the future of the circular economy – will you join us?

## Controller (m/w/d) Wien| Vollzeit|

Welcome to the Raan Group! Our vision is clear: we close material cycles sustainably, conserve resources, and actively shape the future. As an owner-managed group of companies, we work on innovative solutions for the international circular economy—and you can play a central role in this.

As part of the Finance & Controlling team, you will be at the forefront: as an accountant (m/f/d), you will not only ensure that our financial statements are accurate, but you will also contribute your ideas, actively manage processes relating to budgeting, forecasting, and licensing, and apply your business management expertise. Do you combine an affinity for numbers with curiosity and team spirit?

**Does this sound interesting to you? Then let's shape the future together!**

**For us, financial accounting is not just about checking figures – it's about understanding what's behind them and actively contributing to economic development.**

(Erika Schinner, Manager Finance & Controlling AT)
